

MANIMOHANREDDY POLIREDDY

Frontend Developer

Mobile: +91 7675046397 Gmail: manimohanreddypolireddy@gmail.com Location: Hyderabad LinkedIn: linkedin.com/in/Mani Mohan Reddy

CAREER OBJECTIVE

Aspiring Frontend Developer with a solid foundation in HTML, CSS, JavaScript, and React JS, aiming to contribute to interactive and responsive web application projects while enhancing expertise in modern UI/UX techniques and front-end performance optimization.

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Priyadarshini College of Engineering and Technology

May 2021 – February 2025

Diploma in Mechanical Engineering

Government Polytechnic, Rajampeta

June 2018– April 2021

TECHNICAL SKILLS

- **Programming Languages:** Java, JavaScript
- **Frontend Development:** HTML, CSS, React JS, Bootstrap
- **Databases:** SQL Server
- **Artificial Intelligence:** Gen AI, ChatGPT

PROJECTS

Creative Maximum Effects FX Studios Agency Website

March 2025 – May 2025

- Engineered a responsive, cross-browser compatible website using HTML, CSS, JavaScript, and React to ensure seamless accessibility and performance.
- Integrated RESTful APIs to automate live content updates, reducing page load latency by 40% for enhanced user interaction.
- Implemented modular architecture and reusable components using React Hooks and Context API to streamline state management and accelerate development.
- Optimized image assets and applied lazy loading strategies, decreasing overall site size by 35% and enhancing first contentful paint performance.
- Deployed continuous integration workflows with GitHub Actions, accelerating release cycles and improving code quality through automated checks.

Industrial Electrical Product Website for Contactum UK

November 2024 – February 2025

- Developed and deployed a responsive industrial electrical product website using HTML, CSS, and JavaScript, ensuring seamless compatibility across modern browsers.
- Enhanced backend integration with RESTful APIs, reducing page load time by 45% and improving server response consistency across all major browsers.
- Executed interactive product catalog management using React, enabling real-time updates and increasing administrative productivity.
- Configured secure contact forms with validation protocols, decreasing user submission errors and streamlining lead generation processes.
- Applied SEO optimization techniques and structured metadata, boosting organic search traffic by 30% and improving overall site visibility.

CERTIFICATIONS

- Achieved Certification in Cloud Computing – NPTEL.
- Attained Certification in Indian Elections Webcasting.
- Certified in Gen AI-Powered Data Analytics Job Simulation – TATA.
